THESIS EXTERNAL EXAMINATION REPORT

Candidate:

Thesis Title:

You are asked to indicate below whether this thesis is acceptable to proceed to a defence and, at this stage, the overall quality of the thesis as described by the categories below. On a separate page or pages, you are also asked to provide your comments on the strengths and weaknesses of the thesis, suggestions for improvement, and questions to be asked at the oral examination. Note that your assessment, as checked below and in the comments, may not reflect your final assessment of the thesis or on the ability of the student to successfully defend the thesis. This final assessment will be made by you (if you are able to participate) in conjunction with the rest of the Examination Committee, at the conclusion of the oral examination using the same categories provided below. Although this Form will not be shared with the student, your comments and questions will be provided to the student and the rest of the Examination Committee in advance of the defence. If you are not able to participate in the examination, the questions you have provided will be read out by the Chair of the Examination Committee. The student's answers will be assessed, and possible revisions will be determined, by the other members of the Examination Committee.
