FEATURES OF THIS SPECIAL COHORT

- 10 courses (6 online, 4 face-to-face in summer institutes in beautiful Charlottetown).
- All students in the cohort will be College educators, leaders and aspiring leaders.
- Instructors will be nationally recognized educational leaders with experience in university and college settings.
- Program completion within 30 months.
- Starting September 2015.

"I have thoroughly enjoyed my experience in the MEd (Community College Leadership) program! While initially I did not think online learning was for me, the combination of in-class summer institutes and online classes turned out to be a very effective way to create a community of practice within our cohort. There are ample opportunities for networking, relationship building and real-world application of learning through the interactive face-to-face and online learning environments that were created."

- Gary Torraville, Coordinator, International Hospitality Management, Culinary Institute of Canada, Holland College
