You and Your Dependents

Throughout this booklet we use several key terms when we refer to you and your Dependents:

- the terms that may refer to you are: Employee, Member and Participant;
- the terms that may refer to your Dependents are: Dependent, Spouse, Child and Participant.

Employee: A person who resides in Canada and retired from employment with the Plan Sponsor.

Member: An Employee who is eligible and approved for coverage under this plan.

Dependent: Your Spouse or Child.

Spouse: The person who:

- is a resident of Canada; and
- meets one of the following criteria:
 - is married to the Member;
 - is in a civil union with the Member as defined by the Civil Code of Quebec; or
 - has been living with the Member in a conjugal relationship for at least 1 year; however, where required by provincial legislation, this 1 year period is waived if a child is born of such relationship.

Helpful Tip

You are responsible for enrolling your Dependents under the plan when they become eligible.

In addition, you are responsible for removing them when they no longer meet the definitions outlined here.

You can update your family or Dependent status by filling out and submitting a change form, available through our website.

In the event of divorce or legal separation, the Member may choose to either continue coverage or provide notice in writing to Blue Cross to terminate coverage for the Spouse.

Helpful Tip

A Member, Spouse and Child

are all Participants under the

The Spouse must be designated by the Member on their application for coverage. Only one person may be covered as a Spouse at any one time.

Child: A person who:

- is a resident of Canada:
- is the natural, adopted or step child of the Member or Spouse, or the child over whom the Member or Spouse has been appointed as guardian with parental authority;
- is financially reliant on the Member or Spouse for care, maintenance and support;
- is not married or in a common law relationship; and
- meets one of the following criteria:
 - a) reaches age 21 (coverage continues until the end of the year they reach age 21);
 - b) is under age 25 and is attending an accredited educational institution, college or university on a full-time basis; or
 - c) became mentally or physically disabled while a child as defined in (a) or (b) and has been continuously disabled since that time.

A child is considered to be mentally or physically disabled for the purposes of this definition if they are incapable of engaging in any substantially gainful activity and are financially reliant on the Member or Spouse for care, maintenance and support due to this disability. Blue Cross may require the provision of written proof of a child's disability as often as is reasonably necessary.

Participant: The Member or one of the Member's Dependents who has been approved for coverage under this plan.

Other Important Terms

Accident: A sudden, fortuitous and unforeseeable event that:

- is violent in nature;
- arises solely from external means;
- causes bodily injury to the Participant directly and independently of all other causes; and
- is unintended by the Participant.

The resulting injury to the Participant must be certified by a physician.

Approved Provider: A provider of health care services or supplies who has been approved by Blue Cross to provide specific Eligible Expenses.

Deductible: The amount of Eligible Expenses that the Participant must pay before Blue Cross will reimburse any Eligible Expenses.

The Deductible amount applies once per calendar year or per prescription drug, as specified in the Summary of Benefits. However, Eligible Expenses incurred during the last 3 months of a calendar year that totally or partially met the Deductible for that year may be used to reduce the Deductible for the following calendar year.

Eligible Expenses: Charges incurred by the Participant for health care services and supplies that are:

- Medically Necessary;
- usual, customary and reasonable, meaning that:
 - the amount charged is consistent with the amount typically charged by Health Practitioners or Approved Providers for similar services or supplies in the province in which the services or supplies are being purchased; and
- Helpful Tip Important: Blue Cross will only reimburse health expenses meeting these Eligible Expenses criteria.
- the frequency and quantity in which services or supplies are purchased by the Participant are, in the opinion of Blue Cross in consultation with its health care consultants, consistent with the frequency and quantity that would usually be prescribed or needed for the Participant's condition;
- recommended or prescribed by a Physician or Health Practitioner who:
 - does not normally reside in the Participant's home;
 - is not the Participant's Family Member; and
 - is not the Participant's employer or co-worker;
- rendered or dispensed by an Approved Provider who:
 - does not normally reside in the Participant's home; and
 - is not the Participant's Family Member; and
- rendered or dispensed after the effective date and while the plan is in effect, unless otherwise specified.

Health care services and supplies that Participants prescribe, render or dispense to themselves are not Eligible Expenses.

An Eligible Expense is considered to be incurred on the date the service or supply was received by the Participant. Reimbursement for Eligible Expenses incurred outside of Canada will be limited to the amount that would have been reimbursed if the expense had been incurred in the Participant's province of residence, unless the benefit is restricted to in Canada only.

Where more than one form or an alternative form of Treatment exists, Blue Cross has the right to base their payment for Eligible Expenses on the lowest cost alternative if Blue Cross, in consultation with its health care consultants, deems the alternative Treatment to be appropriate and consistent with good health management.

Health Practitioner: A health care practitioner who is a registered member of their regulatory body (if applicable) and practices within the limits of their authority as established by law. If no occupational guild applies to a particular practitioner, the practitioner must:

- be a registered member of their association;

- be an Approved Provider.

Insured Benefits: Benefits underwritten and administered by Medavie Inc. which assumes all liability for their payment. In this plan, there are no Insured Benefits.

Who is Eligible for Coverage?

You are eligible for coverage if you meet the definition of Employee outlined above in the Key Terms.

Your Dependents are also eligible for coverage if they meet the definition of Spouse or Child outlined above in the *Key Terms*.

To be eligible for coverage, you and your Dependents must be entitled to government health care coverage or similar coverage deemed satisfactory by Blue Cross.

Coverage is effective on the date of retirement.

Do I Need to Supply Proof of Health to Obtain Coverage?

You generally do not need to provide proof of health to obtain group benefits coverage. However, proof of health must be submitted if your application is received by Blue Cross more than 31 days after the date upon which you or your Dependent became eligible for coverage, with the following exceptions:

Helpful Tip

- late applicants for dental benefits (if applicable) do not need to submit proof of health (instead their maximum benefit is limited to \$100 for the first consecutive 12 months of coverage); and
- Quebec Participants who are late in applying for drug benefits do not need to submit proof of health for drug coverage.

How do I Enrol for Coverage?

Application Form

To obtain coverage, you must complete and submit the application form provided to you by your employer and submit proof of health, if required for the reason listed above.

The completed application form must be received by Blue Cross within 31 days of the date you or your Dependent become eligible for coverage.

Can I Opt Out of Coverage for Certain Benefits?

You are not allowed to individually select the benefits you want under the plan. In addition, when you enrol for coverage you must also enrol all of your eligible Dependents.

When Does My Coverage Begin?

Employees

Your coverage takes effect on the latest of the following dates:

- the effective date of the plan:
- the date of your retirement; or
- the date Blue Cross approves your proof of health, if required.

Helpful Tip

If you do not enrol for coverage within 31 days of eligibility, you may be restricted when applying for benefits and your benefit levels may be reduced.

Helpful Tip

Health benefits may include: drug benefits, extended health care and dental benefits.

Dependents

Your Dependent's coverage takes effect on the latest of the following dates:

- the date you become eligible for coverage;
- the date they meet all of the eligibility requirements;
- the date Blue Cross approves their proof of health, if required; or
- the date following their discharge from hospital if they were hospitalized on the date they would have become eligible for coverage, unless:
 - they were covered under a Previous Policy, in which case their coverage begins on the effective date of the plan; or
 - they were born while this coverage is in force, in which case their coverage will be effective from their live birth.

Helpful Tip

Previous Policy refers to a group plan that provided coverage for you and your Dependents, and terminated within 31 days of the effective date of this group plan.

When Does My Coverage End?

Coverage ends on the earliest of the date:

- the plan terminates;
- you or your Dependents no longer meet one or more of the eligibility requirements;
- you (or your Spouse in the case of drug benefits, if applicable) reaches the termination age or termination date, if any, specified in the Summary of Benefits;
- you die;
- you or your Dependents commit a fraudulent act against Blue Cross or the plan sponsor; or
- the plan sponsor defaults in payment of premiums.

Coverage for your Dependents will also terminate on the date your coverage terminates.

No coverage will be provided to you or your Dependents while performing duties as an active member in the armed forces of any country, unless coverage must be retained under the applicable provincial legislation.

What Happens When Coverage Ends?

Right to Convert to Individual Coverage

Upon termination of coverage for certain benefits, you and your Dependents have the right to convert your group benefits coverage to an individual insurance policy, provided certain criteria are met.

The benefit details will specify if this conversion right applies to a particular benefit.

When conversion is available, the following terms and conditions apply:

- You must, within 31 days of the date of termination of your group coverage:
 - submit the application form provided by Blue Cross for the purpose of conversion to individual coverage; and
 - pay the entire amount of the first month's premium of the individual policy, in accordance with the method of payment stipulated by Blue Cross;
- the individual policy will be issued without requiring proof of health;
- the premium for the individual policy is based upon the individual policy rates in effect on the date of application;
- the individual policy is subject to any maximum and minimum values or other additional terms and conditions that are specified in the *Right to Convert to Individual Coverage* provision of the applicable benefit.

The benefit of converting your group coverage is that you do so without having to provide proof of health.

Conversion premium rates will typically be higher than group premium rates currently paid.

Instead of converting your group coverage, you may prefer to apply for an individual plan, which will require Proof of Health.

Survivor Coverage

In the event of your death, coverage for your Dependents will continue for certain benefits, if specified in the Summary of Benefits.

Survivor Coverage for your Dependents will terminate on the earliest of the following dates:

- the group plan termination date;
- the date the maximum Survivor Coverage period has been reached, as specified in the Summary of Benefits:
- the date your Dependents obtains similar coverage under another plan; or
- the date your Dependents are no longer considered to be eligible Dependents (for reasons other than your death).

If a surviving Spouse remarries, the newly acquired spouse or dependents are not eligible for benefits.

What if I Have Coverage Elsewhere?

more than, 100% reimbursement for Eligible Expenses.

Blue Cross will co-ordinate your group benefits coverage with other health plans when similar coverage is available. The co-ordination of benefits process helps ensure you get the most out of your coverage, and also means you can receive up to, but no

Government Health Care Coverage

Blue Cross will not pay for any health care services or supplies available

you to existing **government** programs whenever

under government health care coverage, or administered by government funded hospitals, agencies or providers. Blue Cross will only consider Eligible Expenses in excess of those provided under government health care coverage.

Other Health Plans

Do you take advantage of coverage under the other benefit plans available to you, such as your Spouse's? If not, you may be missing out on possible reimbursement of up to 100% of Eligible Expenses.

Blue Cross applies co-ordination of benefits according to the guidelines of the Canadian Life and Health Insurance Association Inc. (CLHIA). Here are general rules:

Expenses for Yourself:

- You must first submit expenses incurred to this plan (where you are covered as a Member). The balance that has not been paid by this plan (if any) can then be submitted to the other plan where you are covered as a dependent (for example your Spouse's plan).
- If you are covered as a member under more than one group benefit plan, the plan that has covered you the longest pays first.

Expenses for Your Spouse:

Your Spouse must submit any expenses incurred for themselves to their own group benefit plan (if any) first. The balance that is not paid by their plan (if any) can then be submitted to this plan.

Expenses for Your Child:

- If a Child is covered as a dependent by both you and your Spouse, you should submit their claim to the plan of the parent whose birthday comes first in the year.
- In the event of divorce or separation, the plan of the parent with whom the Child resides (the plan of the parent with custody of the Child) pays first.

Purpose of Coverage

Blue Cross will pay the Eligible Expenses described in this benefit, subject to the conditions outlined below.

Additional Definitions

The following definitions apply to this benefit, in addition to those found under the *Key Terms* provision of this booklet.

Eligible Drug: A drug that is:

- approved by Health Canada;
- assigned a drug identification number (DIN) or a natural health product number (NPN) in Canada;
- considered by Blue Cross to be a Life-Sustaining Drug or a drug that requires a prescription by law;
- prescribed by a physician or by a Health Practitioner who is licensed to prescribe under applicable provincial legislation;
- approved by Blue Cross as an Eligible Expense; and
- dispensed by an Approved Provider that is a licensed retail pharmacy or another provider that is approved by Blue Cross.

Blue Cross may, on an ongoing basis, add, delete or amend its list of Eligible Drugs without notice.

Interchangeable Drug: An Eligible Drug that can be substituted for another Eligible Drug as both drugs:

- are considered pharmaceutical equivalents by Health Canada;
- contain the same active ingredients; and
- are administered in the same way.

Life-Sustaining Drug: An Eligible Drug that does not require a prescription by law but which Blue Cross is satisfied is necessary for the survival of the Participant. A prescription from a physician or Health Practitioner is still needed for reimbursement.

Medication Advisory Panel: The group of health care and other industry professionals appointed by Blue Cross to review new drugs and decide which drugs Blue Cross includes on its formularies.

What Blue Cross Will Pay

Blue Cross will pay Eligible Expenses subject to the following terms and conditions:

- payment is limited to the reimbursement level and the benefit maximums specified in the Summary of Benefits:
- the Member must pay the Deductible, if any, specified in the Summary of Benefits;
- Blue Cross may determine that certain Eligible Drugs are subject to:
 - dollar, quantity or frequency maximums;
 - Special Authorization; and/or
 - co-ordination with patient assistance programs;
- payment for prescriptions for Interchangeable Drugs is limited in accordance with the Substitution Provision of this benefit; and
- payment is limited in accordance with the Exclusions and Limitations provision of this benefit.

This benefit covers the expenses listed below, provided they also meet the definition of Eligible Expenses contained under the *Key Terms* provision of this booklet:

preparations and compounds if their main ingredient is an Eligible Drug; and

- prescribed Eligible Drugs that appear on the following drug formulary:
 - Tiered Formulary: List of Life-Sustaining Drugs and Eligible Drugs that require a prescription by law
 that are reimbursed at varying tiered levels determined by the Employer. Drugs selected for the
 first tier are recognized as first line therapy for the treatment of disease, and are used to treat

serious medical conditions. Drugs in the second tier are drugs that may be used to treat non-life threatening conditions, and are not always considered first line therapy for the treatment of specific diseases. This formulary is subject to the decisions of the Medication Advisory Panel.

Special Authorization

Certain Eligible Drugs require prior or ongoing authorization by Blue Cross to qualify for reimbursement. The criteria to be met for Special Authorization are established by Blue Cross and may include requiring the Participant to participate in related patient support programming.

Helpful Tip

Your group benefits plan provides you with immediate access to most Eligible Drugs.

Certain Eligible Drugs require Special Authorization before your prescription is covered.

How does the Special Authorization process affect my claim?

The first time you present a prescription for an Eligible Drug on the Special Authorization list your pharmacist will indicate the need for Special Authorization.

You can request a Special Authorization Prescription Drug Form from your pharmacy, your employer, the nearest Blue Cross customer information centre or from our website. You must complete the patient section of the form, have your physician complete and sign the remaining portion and mail your completed form to the nearest Blue Cross office.

Your request will be confidentially reviewed by a health care professional according to the payment criteria established. When all the required information is received by Blue Cross, the standard turn-around time for Special Authorization decisions is 7 to 10 working days.

You will receive confirmation in writing regarding the decision on your Special Authorization request. If your request is approved, this confirmation will include the effective date and duration of your approval.

Helpful Tip

To print a copy of our Special Authorization Prescription Drug Form, visit our website.

Any fees associated with completing this form or obtaining additional medical information are your responsibility.

Substitution Provision

If the Summary of Benefits specifies Substitution Provision applies and an Interchangeable Drug has been prescribed, Blue Cross will reimburse to the lowest ingredient cost Interchangeable Drug.

Participants may request a higher cost Interchangeable Drug; however, they will be responsible for paying the difference in cost between the Interchangeable Drugs.

Regardless of whether the Participant's Physician indicates the prescribed Interchangeable Drug cannot be substituted, Blue Cross will only reimburse to the lowest ingredient cost Interchangeable Drug.

For Participants with an adverse reaction to the Interchangeable Drug dispensed, Blue Cross will consider reimbursement to another Interchangeable Drug on a case by case basis only through the Special Authorization process.

Helpful Tip

A generic drug and its brand name equivalent are considered to be Interchangeable Drugs. Health Canada imposes the same standards and tests on generic drugs as it does on brand name drugs. Generic drugs are effective and safe, while often being less expensive.

Payment of Claims

How Payments are Made

The Summary of Benefits specifies the Method of Payment that applies to Participants under the group plan.

Reimbursement: The Participant will pay the full cost of the prescription to the Approved Provider at the time of purchase. Blue Cross will reimburse any Eligible Expenses on receipt of proof of payment from the Participant.

Pay Direct: At the time of purchase, the Approved Provider will submit the Participant's claim to Blue Cross electronically to verify eligibility. The Participant will pay the Approved Provider only the portion of the claim that is not covered by this benefit. Blue Cross will reimburse the balance of the claim to the Approved Provider directly.

If the Participant submits to Blue Cross a paid-in-full prescription drug receipt, Blue Cross will only reimburse the amount that would have been paid to the Approved Provider if the claim had been submitted electronically.

Deferred Payment: At the time of purchase, the Approved Provider submits the Participant's claim to Blue Cross electronically to verify eligibility. The Participant pays the full amount charged by the Approved Provider and Blue Cross will reimburse the portion of the Participant's claim covered by this benefit when a specified dollar amount or a time-period threshold has been reached.

If the Participant submits to Blue Cross a paid-in-full prescription drug receipt, Blue Cross will reimburse only the amount that would have been reimbursed if the claim had been submitted electronically.

Time Limit to Submit a Claim

Blue Cross must receive proof of claim within 24 months of the date the Eligible Expense was incurred.

Exclusions and Limitations

Unless otherwise specified in the Summary of Benefits, expenses associated with the following categories of drugs are not eligible for reimbursement:

- g) hair growth stimulants;
- h) services, treatment or supplies that:
 - i. are not Medically Necessary;
 - ii. are for cosmetic purposes only;
 - iii. are elective in nature: or

Helpful Tip

If you have a Pay Direct or Deferred Payment plan, always have your drugs submitted electronically via the Approved Provider. This will ensure you don't end up paying more out-ofpocket than you should.

Helpful Tip

If you pay up front and submit your claim for reimbursement, you may end up with surprise out-of-pocket expenses if your pharmacist charged you more than would have been permitted by the Blue Cross system.

Helpful Tip

Shop around for the best price for your prescription drugs.

For the same prescription, the price can vary depending on where you go, even among stores in the same chain.

Right to Convert to Individual Coverage

A Participant who is not a Quebec Participant and who is no longer eligible under this benefit may convert their group coverage to a similar individual drug plan provided by Blue Cross.

Individual policies issued under this conversion option are subject to the terms and conditions specified in the *Right to Convert to Individual Coverage* found under the *Coverage Details* of this booklet.

Quebec Participants who are no longer eligible for drug benefit coverage cannot convert their group drug coverage to an individual plan. If they are not eligible under another group plan, they must contact the Régie de l'assurance maladie du Québec (RAMQ) to obtain coverage from the RAMQ's public drug plan.

This provision applies to Quebec Participants.

Act Respecting Prescription Drug Insurance

The group plan must be administered in accordance with the Act Respecting Prescription Drug Insurance ("the Act") for Quebec Participants, including the Act's provisions about maximum coinsurance, out-of-pocket maximums, eligible drugs, exception drugs and eligible pharmacy services.

Under no circumstances will the *Exclusions and Limitations* provision of this benefit render drug benefit coverage for Quebec Participants less generous than the basic prescription drug insurance plan established by the Act.

Out-of-pocket Maximum per Calendar Year

If, in any calendar year, a Member spends more than the maximum contribution amount established by the RAMQ on Eligible Expenses for themselves or their Dependents, the amounts in excess of the maximum contribution amount will be reimbursed by Blue Cross at a rate of 100% until the end of that calendar year. The contribution amount includes the Deductible, amounts in excess of the reimbursement level or copayment, if applicable.

Participants Age 65 Years and Over

At age 65, a Quebec Participant is automatically registered as a beneficiary of the RAMQ public drug plan. Therefore, on reaching age 65, a Quebec Participant must decide whether to:

- cancel their automatic registration with the RAMQ drug plan in order to continue their coverage under this benefit; or
- accept coverage under the RAMQ public drug plan.

The decision to accept coverage under the RAMQ public drug plan is irrevocable.

Quebec Participants who decide to accept coverage under the RAMQ public drug plan are no longer eligible for coverage under this benefit.

Drug Benefit

Exception: If the Summary of Benefits specifies this benefit is supplemental to the RAMQ public drug plan coverage, the following expenses are eligible:

- the Deductible and coinsurance paid by the Quebec Participant under the RAMQ public drug plan; and
- reimbursement for any Eligible Drug that is not included in the RAMQ public drug plan but is covered under this benefit, subject to the Deductible and reimbursement level specified in the Summary of Benefits.

If the Member decides to join the RAMQ public drug plan, the Member's Dependents must also register with the RAMQ public drug plan.

If a Quebec Participant decides to maintain coverage under this benefit, Blue Cross reserves the right to modify the premium rates applicable to this benefit for any Quebec Participant age 65 and over.

Purpose of Coverage

Blue Cross will pay the Eligible Expenses described in this benefit, subject to the conditions outlined below.

How Payments are Made

The Participant will pay the full cost of any expense to the Approved Provider at the time of purchase. Blue Cross will then reimburse any Eligible Expenses on receipt of proof of payment from the Participant.

Blue Cross will reimburse the balance of the claim to the Approved Provider directly.

How Eligible Expenses are Calculated

Reimbursement of an Eligible Expense is calculated as follows:

- Step 3. the Reimbursement Level percentage will be applied to the remainder of the Eligible Expense;
- Step 4. the result is the amount payable by Blue Cross, subject to any Benefit Maximums applicable.

Termination or Suspension of Benefit Payments

The rights and benefits of a Participant may be suspended or terminated without prior notice in the following circumstances:

- the discovery of a claims discrepancy or the initiation of a claim abuse investigation; or
- the filing of criminal charges or initiation of disciplinary action against the Participant by Blue Cross or the plan sponsor.

Payment of a claim may also be suspended or denied if it relates to services or supplies prescribed, provided or dispensed by a provider who is under investigation by a regulatory body or by Blue Cross or has been charged with an offence in regards to their conduct or practice.

How to Obtain a Claim Form

Health benefit claim forms can be obtained from any one of the following sources:

- the plan member website (see instructions below);
- your group benefits administrator; or
- our Customer Information Contact Centre at the toll-free number listed below.

How to Submit a Claim

Medavie Blue Cross offers several convenient options to quickly and efficiently submit your health benefit claims:

Mobile App

Filing a claim has never been quicker or easier! Submit your claims through the Blue Cross Medavie Mobile app and have your reimbursement deposited directly to your bank account.

Helpful Tip

Instead of a cheque by mail, get reimbursement directly to your bank account by signing up for direct deposit. It's fast, and convenient. Visit our website to register.

Visit www.medaviebc.ca/app for more information or to download the app.

Member eClaims

You can quickly and easily submit your health, drug and dental claims (as applicable) through our secure plan member website. Simply take or scan a digital image of your paid-in-full receipts and submit it through the applicable link on our plan member website.

Provider eClaims

For Approved Providers who have registered to submit claims to Medavie Blue Cross through our electronic claims submission service, our e-claim service allows Approved Providers to instantly submit claims at the time of service. This eliminates the need for you to submit your claim to Medavie Blue Cross and means you only pay the amount not covered under your group benefits plan (if any).

Medavie Benefits+

Medavie Benefits+ is an all-inclusive health benefits and wellness centre that provides you with an opportunity to meet face-to-face with one of our Benefits+ Specialists. Our team is happy to answer your questions and demonstrate our digital, self-service tools at one of our smart kiosks.
