Estimated Academic Expenses are based on the approximate cost of attending UPEI for the September to April academic year. Using the helpful tool at http://www.upei.ca/finance/accounting/fees, students can find tuition and student fee costs indicated for their individual circumstances.

Estimated Living Expenses are based on living allowances which are provided by the federal government and your province of study. Weekly living allowances are based on a moderate standard of living and ensure that everyone in similar circumstances is on the same playing field. Your weekly living allowance includes your rent, food, electricity, telephone, local transportation and miscellaneous spending; they do not include tuition, books, supplies or other education-related costs. Living allowances for single students living away from home are based on shared accommodations. For more information, see PEI Student Financial Services: http://www.studentloan.pe.ca/index.php3?number=1038817&lang=e

Married student amount is half of the 'Married Student and Spouse' allowance, to determine the individual student's portion of living expenses.
