## 2025 Graduate Student Scholarship Department of Pathology & Microbiology

The Department of Pathology & Microbiology at the Atlantic Veterinary College (AVC) is currently holding a Graduate Student Scholarship Competition. The scholarship will provide a minimum stipend of \$32,000/annum. The award will be given to an exceptional candidate who is starting their graduate degree at AVC as early as May 1, 2025.

Canadian and International students holding a BSc, MSc or DVM (or equivalent) credentials with strong academic records and relevant background experience are encouraged to apply. Candidates will be selected based on prior academic performance and future promise as a researcher. The successful candidate must meet the AVC graduate admission requirements and must be able to identify a suitable program that is currently available at AVC.

Prior to submitting their application, applicants are required to contact faculty members to identify a potential supervisor willing to support their program. To view a listing of our faculty, please visit our department web site at <https://www.upei.ca/avc/pathology-and-microbiology/faculty-members>. For further information on the Department of Pathology and Microbiology, please consult: <http://www.upei.ca/pathmicro/> For further information on applying for AVC graduate programs, please see <http://avc.upei.ca/graduatestudies>

Interested candidates should submit a letter of interest, curriculum vitae, official transcripts of university grades, and the names, titles, institutions, email addresses and telephone numbers of three referees. The Deadline for the competition is **Friday, January 10, 2025**.

Your submissions can be emailed to:

Dr. Chelsea Martin, Department Chair  
Department of Pathology & Microbiology  
Atlantic Veterinary College  
University of Prince Edward Island  
Charlottetown, PE C1A 4P3 Canada  
E-mail: [kroche@upei.ca](mailto:kroche@upei.ca)

UPEI is committed to equity, diversity, inclusion, and reconciliation and believes in providing a positive learning and working environment where every person feels empowered to contribute. UPEI is committed to the principle of equity in employment and encourages applications from underrepresented groups including women, Indigenous peoples, visible minorities, persons with disabilities, persons of any sexual orientation or gender identity, and others with the skills and knowledge to productively engage with diverse communities.

In accordance with Canadian immigration regulations, all qualified candidates are encouraged to apply. However, priority will be given to Canadian citizens and permanent residents. The University of Prince Edward Island is committed to gender equity in employment.
