Fridays at 3PM

# Climate Webinar Series 2021

School of Climate Change and Adaptation  
University of Prince Edward Island

March 12	<b>Canadian Centre for Climate Change and Adaptation at UPEI's campus in St. Peter's Bay, Prince Edward Island</b> <i>Dr. Adam Fenech, UPEI School of Climate Change and Adaptation</i> Registration Link: <a href="https://www.eventbrite.ca/e/144048887099">https://www.eventbrite.ca/e/144048887099</a>
March 19	<b>Mapping the Spatial Patterns of Precipitation in Prince Edward Island</b> <i>Dr. Xander Wang, UPEI School of Climate Change and Adaptation</i> Registration Link: <a href="https://www.eventbrite.ca/e/144426113393">https://www.eventbrite.ca/e/144426113393</a>
March 26	<b>Climate Colonialism: How Decolonizing our Food Systems can Decarbonize our Consumption</b> <i>Charlie Sark, UPEI School of Climate Change and Adaptation</i> Registration Link: <a href="https://www.eventbrite.ca/e/145059698463">https://www.eventbrite.ca/e/145059698463</a>
April 9	<b>Coastal Flooding from Post Tropical Storm Dorian: Implications for Prince Edward Island, Canada</b> <i>Don Jardine, UPEI Climate Lab</i> Registration Link: <a href="https://www.eventbrite.ca/e/144496826899">https://www.eventbrite.ca/e/144496826899</a>
April 16	<b>The ClimateSense Project: Building Climate Change Adaptation Capacity in Prince Edward Island, Canada</b> <i>Ross Dwyer, ClimateSense Project Coordinator</i> Registration Link: <a href="https://www.eventbrite.ca/e/144476604413">https://www.eventbrite.ca/e/144476604413</a>
April 23	<b>Climate Smart Agriculture Practices to Ensure Economic and Environmental Sustainability</b> <i>Dr. Aitazaz Farooque, UPEI Faculty of Sustainable Design Engineering</i> Registration Link: <a href="https://www.eventbrite.ca/e/144480558239">https://www.eventbrite.ca/e/144480558239</a>
April 30	<b>The Pledged vs. Actual Reductions in Greenhouse Emissions Five Years after the Paris Agreement</b> <i>Dr. Yuliya Rashchupkina, UPEI School of Climate Change and Adaptation</i> Registration Link: <a href="https://www.eventbrite.ca/e/144482040673">https://www.eventbrite.ca/e/144482040673</a>
May 7	<b>Adaptation Pathways for Responding to Increasing Drought Conditions on PEI under Climate Change</b> <i>Stephanie Arnold, PhD Candidate, UPEI School of Climate Change and Adaptation</i> Registration Link: <a href="https://www.eventbrite.ca/e/144478273405">https://www.eventbrite.ca/e/144478273405</a>
May 14	<b>Tracking PEI Coastal Erosion Using Pin Measurements and Drone Technology</b> <i>Andy Macdonald, Drone Pilot, UPEI Climate Lab</i> Registration Link: <a href="https://www.eventbrite.ca/e/144430967913">https://www.eventbrite.ca/e/144430967913</a>
May 28	<b>Taking Precise Measurements of Storm Damage on PEI Agricultural Fields Using Drone Technology</b> <i>Luke Meloche, Drone Pilot, UPEI Climate Lab</i> Registration Link: <a href="https://www.eventbrite.ca/e/144492046601">https://www.eventbrite.ca/e/144492046601</a>
