

**Faculty of Sustainable Design Engineering
APPROVAL FOR GRADUATE THESIS EXAMINATION**

Student name / UPEI ID:

Thesis title:

The members of the Supervisory Committee listed below, have carefully read all the components of the thesis and provide an informed recommendation regarding its suitability to enter the Final Examination process (submission to the External Reviewer and subsequent Thesis Defense) (*)

Thesis Supervisory Committee

Role, name and signature	Date	Approved for examination	Further revision required
Supervisor (Co-supervisors)			
Committee member			
Committee member			
Committee member			

(*) If two or more members of the Committee consider that further revision is required, the thesis will not move forward to Final examination. Instead, if the thesis is approved, it is understood that during the course of the Thesis Defense the examination Committee is still entitled to request further revisions. It is also understood that the candidate has successfully completed all the required courses included in his/her program.
