

DIRECTIONS TO THE ADHD CLINIC (FROM BELVEDERE AVENUE)

- Enter roundabout and exit towards UPEI (separate lane). This is directly across from the Farmer's Market.

➤ Keeping right, you will pass the *Bio Food Tech* Building (on right).

➤ You will then pass the small and large animal hospitals; the *Atlantic Veterinary College* (on left).

- The acronym “NRC-CNRC” is visible at the top right of the building, and it is 4 stories tall, made of glass and brick.
- Turn left at the “Lot G” sign. If you pass this sign, you’ve went just a little too far.

- You will then see our building, the **NRC/Regis & Joan Duffy Research Centre**.
- The building is marked with the **#28**, as seen in the photos.

- **NOTE:** The names are so similar, it is often confused with the “Duffy Science Centre” (Building #13).

- There are two parking options. There are 4 designated clinic parking spots directly in front of the building which are marked clearly with **signage**.
- If these are full, there is additional parking directly behind the building. You will have to buzz at the gate so security can let you in. There is no charge for either.
- Note: Please do not park in parking lot "G," (facing front of building) as this is for staff only and is monitored by the university. Additionally, parking meters covered in orange are specifically designated for the *Cardiovascular Pulmonary Clinic*.

THE CLINIC

- The clinic is located on the first floor. You will see signage towards the left immediately after you enter the building. This will take you to our waiting room where you will be greeted by our receptionist.
- Please phone if you have any difficulty finding us (902-620-5296).

THE CLINIC

- If you park in the back lot, this is the entrance you will use.
- The clinic is located just inside the door to your right. We look forward to seeing you!
