Located in Charlottetown, Prince Edward Island, the University of Prince Edward Island (UPEI) has a rich history with roots in two founding institutions—Prince of Wales College and St. Dunstan's University. The University honours this proud legacy through a growing reputation for academic excellence, research innovation, community engagement, and service—locally, nationally, and internationally.

Consistently ranked as one of Canada's top primarily undergraduate universities, UPEI offers a wide range of programs and degrees within four faculties and two schools to 4,400 undergraduate, graduate, and doctoral students from over 60 countries. The University is home to a talented community of educators and researchers including five 3M Teaching Award winners, and 14 funded research chairs—one a prestigious Canada Excellence Research Chair.

UPEI's beautiful campus consists of 28 academic, administrative, and athletic buildings surrounding an historic central quadrangle. Students benefit from outstanding student-faculty interaction, exciting research opportunities, a supportive campus environment, international study exchanges and placements, and over \$5.3 million in scholarships. Upon graduation, they join our network of more than 23,000 successful alumni—Panthers for Life!—who pursue rewarding careers in their chosen fields, demonstrating the value and promise inherent in a UPEI education.

“We are inspired by the possibilities!”

## Message from the President

This *2013–14 President's Annual Report* documents a period of significant planning, progress, and accomplishment at the University of Prince Edward Island. An important milestone was reached in early 2014 with the endorsement of the *UPEI Future Directions Strategic Planning Framework 2013–2018* by both the UPEI Senate and Board of Governors. The plan identifies institutional priorities (student experience, vibrant communities, exploration and discovery, and long-term sustainability), informs decision making, and establishes critical measures of success and accountability.

The strategic plan has already guided the progression of a number of key initiatives. These include developments in programming that offer new and important student learning opportunities (four-year Bachelor of Science in Engineering degree); improved student access to services, support, and financial resources (Celebrating Student Achievement scholarship program); and enhanced engagement with alumni through the launch of new national and international Alumni and Friends chapters.

While guided by our plan, achievements such as these—and the many others mentioned in this report—depend upon the insight and efforts of our talented and dedicated faculty, staff, students, alumni, donors, and partners. Their commitment is exceptional. Our engaged UPEI community is key to ensuring positive student experiences and outcomes, and a successful and sustainable future for our University and the broader community that we serve. We are inspired by the possibilities! Working together, we will achieve our full potential.

Alaa Abd-El-Aziz, President and Vice-Chancellor

---

**Vision:** The University of Prince Edward Island will be a leader in delivering outstanding experiential learning opportunities that encourage our students to develop to their full potential in both the classroom and the community. Driven by discovery, UPEI will be a destination for those eager to advance our world by creating new knowledge. Together, we will foster the development of tomorrow's leaders who will emerge from their studies ready to excel and contribute to the betterment of our local and global communities.

---

**Values:** Accountability and Integrity • Excellence • Respect and Collegiality • Shared Responsibility

---

Welcome Day participants with the UPEI mascot, Pride the Panther.

(L-R) 2013 Founders Verner Smitheram, Theresa MacAulay representing her late husband Bob MacAulay, Nelson Robertson representing his late wife Janice Robertson, and Mike Read.

2013 Honourable Eugene F. Whalen Green Hat Award recipients, Carol and John MacLeod.

H. Wade MacLauchlan, president emeritus.

Getting to know an AVC teaching beagle during the 2013 Atlantic Veterinary College Open House.

## Points of Pride | 2013–2014

### Welcome Day—Introducing Incoming Students to the Campus Community

Delivering an exceptional student experience is a priority of the University of Prince Edward Island. Assisting with a student's transition to university is an important part of the process. Engagement with prospective students begins long before their acceptance to UPEI. Many local and regional incoming students are familiar with the University, having participated in UPEI camps and events or interacted directly with the recruitment team, faculty, or staff prior to arrival. Others, particularly international students, may be experiencing UPEI for the first time.

Each year, all students are encouraged to participate in Welcome Day—a friendly and informative introduction to the campus held prior to the start of classes.

Welcome Day 2013 provided a lively opportunity for the campus community to come together to greet and assist students and their families. Participants toured the campus; visited the bookstore; picked up ID cards; paid for tuition and services; met faculty, staff, and friends; and kicked off a fun-filled Orientation Week.

### Recognition of 2013 Founders, and Dedication of MacLauchlan Plaza

September 25, 2013, was a day of celebration on the UPEI campus as the University held its fourteenth annual Recognition of Founders ceremony. The annual event acknowledges those who have contributed to the University in an exceptional way. Verner Smitheram, Bob MacAulay (posthumous), Janice Robertson (posthumous), and Mike Read were honoured as the University's 2013 Founders. John and Carol MacLeod received the Honourable Eugene F. Whalen Green Hat Award which pays tribute to individuals who have had a significant impact on the Atlantic Veterinary College.

Immediately following the Recognition of Founders ceremony, MacLauchlan Plaza, located adjacent to the Health Sciences Building, was dedicated in honour of UPEI's fifth president, H. Wade MacLauchlan, president emeritus. UPEI now enjoys five beautiful plazas—each named for one of the University of Prince Edward Island's first five presidents—Baker, Meincke, Eliot, Epperly, and MacLauchlan.

### Atlantic Veterinary College Open House—Connecting with Community since 1988

Held annually since 1988, the Atlantic Veterinary College Open House is one of the largest and most successful open houses in Atlantic Canada. Approximately 3,000 people—from babes in arms to seniors—toured the AVC during its 25th annual Open House on September 28, 2013.

There were activities for visitors of every age, including the popular parade of dog breeds; dog agility and clicker training demonstrations; Teddy Bear Clinic; stick-horse rodeo for children over three; and opportunities to see poultry, sheep, a calf, a pig, alpacas, and other interesting animals. In the AVC dog park, the College's teaching beagles happily greeted everyone with bright eyes and wagging tails.

Organized and run by AVC students, this annual event is an opportunity for people to go behind the scenes at the only veterinary college in Atlantic Canada.

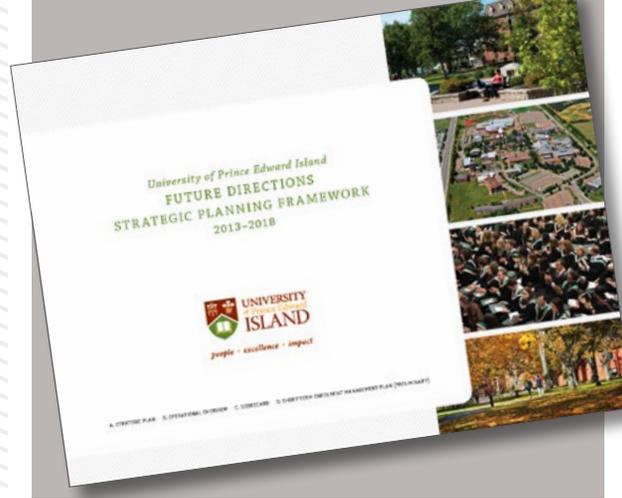

Architectural rendering of the School of Sustainable Design Engineering and Centre of Engineering Design and Industry Partnerships.

## Gaining Momentum— School of Sustainable Design Engineering

Progress continued throughout 2013–2014 on the planning and development of UPEI's new School of Sustainable Design Engineering and Centre of Engineering Design and Industry Partnerships, and the four-year Bachelor of Science in Engineering degree. The University worked in consultation with the Province of PEI, the Atlantic Canada Opportunities Agency, various industry partners, and the Maritime Provinces Higher Education Commission. The new degree program was approved in June 2014—marking the completion of the School's launch phase.

Next steps in program development include the creation of an engineering advisory council made up of academic and industry leaders in the field, and the hiring of an associate dean of engineering who will work with colleagues and the advisory council to establish the School as a centre of engineering excellence and innovation. The council will advise on expectations and needs within engineering-linked industries and markets, ensuring delivery of a highly relevant program in the School's areas of focus—bioresources, sustainable energy, and mechatronics.

Construction of the School of Sustainable Design Engineering began in the fall of 2014.

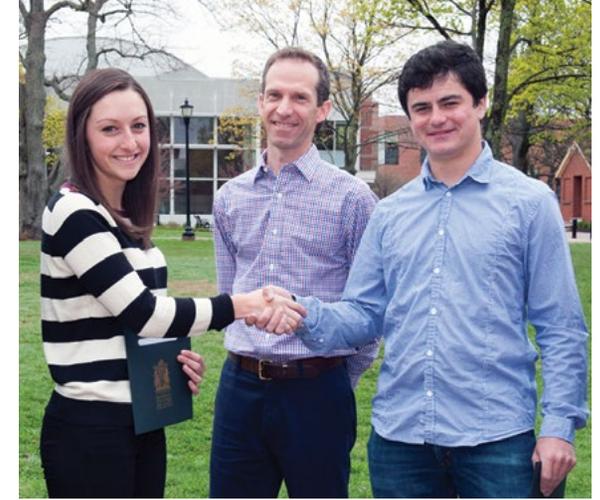

## UPEI Senate and Board of Governors Endorse Strategic Plan

2014 saw the *University of Prince Edward Island Future Directions Strategic Planning Framework 2013–2018* endorsed by both the UPEI Senate and Board of Governors. From the inception of the Future Directions visioning process and the Dare to Dream initiative, UPEI ensured a collaborative, consultative, and transparent strategic planning process. During development, great efforts were made to incorporate the input of the community while maintaining a focus on addressing challenges and building upon opportunities to grow UPEI's overall strengths.

The resulting document includes the strategic plan, an operational overview, a scorecard identifying institutional targets and timelines, and a short-term enrolment plan. It will inform University decision making, resource planning, and initiative implementation in support of four student-centred priorities: student experience, vibrant communities, exploration and discovery, and long-term sustainability.

Since its adoption, the strategic plan has guided numerous actions and developments including those related to recruitment, retention, alumni participation, and sustainability.

Assistant Registrar Darcy McCardle (centre) with Celebrating Student Achievement scholarship recipients Kristen Murray and Curtis Hall.

## Introducing the Celebrating Student Achievement Scholarship Program

The University of Prince Edward Island has a long-standing tradition of academic excellence. Its learning environment offers a quality student experience and is highly supportive of student success. In February of 2014, the University announced improved access to scholarship support by restructuring the delivery of its undergraduate academic awards through a new initiative, the Celebrating Student Achievement scholarship program.

Beginning in the 2014–2015 academic year, the program will enhance UPEI's donor-funded scholarships and awards by offering guaranteed entrance scholarships based on admission averages for students entering UPEI directly from grade 12. In addition, guaranteed academic excellence awards will be granted to undergraduate students who meet the grade scale criteria during their second, third, and fourth years. There are four levels of awards, ranging from \$500–\$3,000 per year, based on a student's academic average from the previous year.

It is anticipated that this initiative will assist many more students entering first-year programs as well as upper-year students who would not have been eligible to receive support under the previous awards system.

Chancellor Don McDougall.

## Island Native Don McDougall Installed as UPEI's Eighth Chancellor

At an installation ceremony held on March 29, 2014, Don McDougall, a native of Bloomfield, Prince Edward Island, was installed as the University of Prince Edward Island's eighth chancellor.

McDougall is president and CEO of Rambri Management, and eJust Systems, both located in Stratford, Ontario. Prior to these responsibilities, he had an illustrious career spanning both public and private sectors. McDougall has a deep interest in post-secondary education; he has served as chair of the University of Western Ontario Board of Governors and completed a nine-year term as a member on its Ivey Business School Advisory Board. In 1976 he was elected Canada's "Baseball Man of the Year" and was inducted into the Canadian Baseball Hall of Fame for his tireless efforts to bring the Toronto Blue Jays to Canada. McDougall holds an MBA from the Ivey Business School and an honorary doctorate from UPEI.

Chancellor McDougall and his wife, Marion, are no strangers to UPEI. McDougall is a graduate of St. Dunstan's University (SDU), and Marion is an alumna of both Prince of Wales College and SDU. They are great benefactors to UPEI; the innovative Don and Marion McDougall Hall, home to the School of Business, was named in their honour in 2008. Welcome home, Dr. McDougall!

Faculty of Science graduates Mike Ogden and Jessica Oickle with Dr. Debbie MacLellan, interim dean.

## Over 1,000 Students Graduate during 2014 Convocation Ceremonies

Chancellor Don McDougall presided over his first Convocation ceremonies on May 10, 2014. He joined President and Vice-Chancellor Alaa Abd-El-Aziz in congratulating more than 1,000 graduates as they received their degrees, diplomas, and certificates. Included in the class of 2014 were the first graduates of UPEI's Master of Nursing, Bachelor of Education (Kindergarten), Bachelor of Education (French Kindergarten), and Doctor of Philosophy (Faculty of Science) programs.

During the ceremonies, honorary Doctor of Laws degrees were conferred on four outstanding individuals: (L-R) retired Canadian Forces Major-General Matthew Macdonald; businessman and champion of community health and development Robert K. Irving; music educator and former Lieutenant Governor of Prince Edward Island, the Honourable Barbara A. Hagerman; and community visionary and retired educator James C. MacAulay.

Alumni Award winners (L-R) E. Kent Stetson, C.M.; Trent Cousins; and Dr. Ameet Singh.

## Recognizing 2014 Distinguished Alumni and Young Inspiring Alumni

In late July 2014, UPEI celebrated its annual Reunion Weekend. More than 600 alumni, the largest Reunion Weekend attendance ever, participated in 22 events, including the Panther Golf Classic tournament, the third annual all-years mixer, the annual PWC Luncheon, and the naming of SDU Main Building.

A highlight of the weekend was the presentation of the UPEI Alumni Association's annual Distinguished Alumni and Young Inspiring Alumni Awards. In 2014 there were three recipients. Celebrated Canadian playwright, author, teacher, director, and mentor E. Kent Stetson, C.M. (BA'70) received the 2014 Distinguished Alumni Award, which commemorates a graduate for outstanding contributions to knowledge, the arts, the community, humanity, or the University. Receiving Young Inspiring Alumni Awards were Trent Cousins (BBA'09), entrepreneur and community-minded leader, and Dr. Ameet Singh (DVM'06), assistant professor of veterinary surgery, Ontario Veterinary College, University of Guelph. These awards honour a graduate under the age of 40 who has shown outstanding determination in achieving success at a young age.

# Student Experience

—improving student learning and experiences by examining what, and how, we teach in support of UPEI's vision of becoming a leader in experiential learning.

School of Nursing students Joshua Talebi and Callie Nelson gain valuable nursing experience in a technologically advanced simulation lab in the Vera Dewar Learning Resource Centre, Health Sciences Building.

Students learn about equine health, among other topics, at the Atlantic Veterinary College Summer Academy.

Students Freya, Sodam, Bella, Akanksha, and Emelyn participate in an International Development Week event at the Chi-Wan Young Sports Centre.

Mary-Claire Sanderson, AVC Class of 2016, with feline friend Prince Henry at the AVC's Veterinary Teaching Hospital.

A kinesiology class underway in the Health Sciences Building.

- » In 2012 the Atlantic Veterinary College established the AVC Summer Academy, an academically based one-week program that offers undergraduates first-hand knowledge of the rigorous DVM degree program. The program is already having an impact at AVC. Six students who were accepted into the DVM program in 2014 participated in the Summer Academy.
- » International student numbers continue to rise at UPEI. In the fall of 2013, international students made up 13.8 per cent of the total student body. Active recruitment efforts directed at specific international audiences, and positive international student experiences at UPEI, contribute to this upward trend. Internationalization of the campus enriches the learning experience and the social and cultural environment for all students.
- » Seventy-three UPEI varsity athletes received CIS Academic All-Canadian recognition in December 2013. This record-high number represented almost 40 per cent of UPEI's total student-athlete population of 185 athletes, and was one of the top percentages in Canada. In order to receive this national recognition, student-athletes must achieve an academic standing of 80 per cent or higher.

Jeff MacLean, UPEI student recruitment coordinator, assists a student during a first-year enrolment session.

Providing students with dynamic and relevant learning opportunities lies at the heart of UPEI's strategic plan. The University is committed to helping students achieve their personal and academic goals by delivering innovative programming, improved services, and enhanced support systems. Recent examples of enriched student experience opportunities include the four-year Bachelor of Science in Engineering degree, compressed one-year Bachelor of Education programs, and new specializations within the Business Administration degree, as well as the revitalized scholarship program, one-stop-shop for student services, and early registration option.

Students Anika Mueller, Faculty of Veterinary Medicine, University of Calgary, and Nancy Brochu, Atlantic Veterinary College, work in Kenya on a cow comfort research project supported by Veterinarians Without Borders—Canada. Inset photo: Dr. John VanLeeuwen, AVC.

For the past ten years, Dr. John VanLeeuwen, professor of epidemiology and ruminant health management at the Atlantic Veterinary College, has led a program in Kenya involving over 100 Canadian and Kenyan veterinary faculty, graduate and undergraduate students, and paravets. The program has partnered with Canadian organizations Farmers Helping Farmers and Veterinarians Without Borders—Canada, and Kenyan dairy co-ops, on development and research projects. As a result, veterinary students gain valuable experience, and each year nearly 1,000 Kenyan farm families benefit directly from research, herd health activities, and training.

(L-R) Business students Ryan Cassidy, Melanie McKenna, Parker Baglole, and Rebecca Cole, with faculty member Dr. Don Wagner, at the NIBS Worldwide Case Competition held in London, UK.

UPEI Business students are actively engaged in the classroom and community, and continue to demonstrate the quality of their education through consistent success in national and international competitions. In November 2013, a UPEI Business case team made up of undergraduates Parker Baglole, Ryan Cassidy, Rebecca Cole, and Melanie McKenna placed first in the national Scotiabank Ethics in Action Case Competition held at Dalhousie University, and in March 2014, the team placed in the top four at the Network of International Business Schools (NIBS) 2014 Worldwide Case Competition held in London, UK.

Tim Kendrick, men's basketball coach, with player Tyler Scott.

First-year AVC students gather in one of their study labs.

UPEI Business student Rebecca Dawson visits Paris during a semester spent studying in Amiens, France.

Proud Class of 2014 BBA graduate Emonigho Abamwa.

UPEI Panther women's ice hockey players (L-R) Keirstin Visser, Ferran Brown, Anja Weisser, Christina Kelly, and Lyndsay Oakes. Keirstin played on the 2014 Team Canada International University Sports Federation Games team, and Anja was selected to Team Germany's roster for the 2014 Winter Olympics.

» A goal of UPEI's "student experience" strategic priority is to provide increased student access to "out-bound" study and community engagement opportunities in different countries around the globe. UPEI currently has over 100 student mobility partnerships in place worldwide, including active bilateral exchange agreements, School of Nursing clinical placements, and Faculty of Education practicums. Between 25 and 30 Education students travel each year to an out-of-country or remote location for six-week placements as a requirement of their International and Indigenous Education specializations. The entire fourth-year class of the DVM program participates in experiential learning opportunities through "internal" rotations—placements under the supervision of an AVC faculty member—in, for example, Thailand (shrimp), Kenya (dairy cattle), Québec (ruminant medicine), or the Yukon (wildlife rotation); or "external" rotations to zoos, private clinics, or research facilities, under the supervision of a licensed veterinarian. In the spring of 2014, 10 UPEI student nurses participated in international clinical placements in Sweden, England, Costa Rica, Honduras, and St. Lucia; and students from various faculties engaged in longer term (six-month to one-year) student exchange programs.

# Vibrant Communities

—making UPEI a centre that fosters the development and growth of our people and the engagement of our communities.

Young Panther campers race across UPEI's historic quadrangle—just a few of the thousands of people who visit the campus every year to enjoy the University's athletic facilities and community recreational programming. In addition to offering varsity sport and campus recreational activities, the Department of Athletics and Recreation hosts tournaments, events, athletic championships, and Panther Academy camps for children and youth.

President Emeritus H. Wade MacLauchlan with prize recipients Hye-Jeon Jang and Mary-Claire Sanderson, and guest speaker Miranda Hill at the 2013 MacLauchlan Prizes for Effective Writing celebration.

Awards were presented to Physics, Computer Science, and Business Co-op students during National Cooperative Education Week (March 17–21, 2014). Winners included Co-op Students of the Year (L-R) Alex Davidson, Business Entrepreneurial; Matt Stewart, Computer Science; and Ling Chen, Business.

UPEI's critically acclaimed Wind Symphony continues to impress and delight audiences in performances held throughout the region.

2014 Mental Health Week participants (L-R) Reid Burke, executive director, Canadian Mental Health Association, PEI Division; Cathy Rose, accessibility services coordinator, UPEI; Alicia Raimundo, TEDxTalk speaker; James Reddin, counsellor, UPEI; and Treena Smith, manager, Student Affairs, UPEI.

- » On November 15, 2013, UPEI celebrated the second annual MacLauchlan Prizes for Effective Writing. Over forty students and four faculty members received awards. The prizes distribute up to \$30,000 annually and are presented in recognition of the importance of effective writing as a foundational skill for academic success and lifelong learning.
- » In 2013–14, over 100 Business Co-op Education students completed work assignments with public and private organizations across PEI and beyond. Computer Science and Physics also offer co-op learning opportunities.
- » UPEI's second annual Mental Health Week was held in March 2014, raising awareness about mental health issues by engaging the campus community in compassionate and meaningful dialogue.
- » The UPEI Wind Symphony, under the direction of Dr. Karem Simon, received the 2014 Music PEI Award for Achievement in Classical Music in late January, 2014.

Delegates to the Canadian Student Leadership Conference gather outside the W.A. Murphy Student Centre.

Enhancing opportunities for employee development, team building, and campus and community engagement is identified as a critical component of the “vibrant communities” priority in UPEI’s strategic plan. Advancing community interactions in learning, research, and service enriches outcomes, and contributes to connectivity and pride. UPEI also engages with community by welcoming thousands of visitors to campus each year. In September 2013, 750 of Canada’s brightest high school students—Canadian Student Leadership Conference delegates—and 250 advisors toured UPEI and participated in activities with faculty, staff, and students.

A dancer performs a traditional Mi’kmaq dance at the sixth annual Connecting Aboriginal Cultures event.

The sixth annual Connecting Aboriginal Cultures Festival was held at UPEI in October 2013. Organized by the Maw’omi Centre, Department of Student Affairs, the event celebrated the vibrant culture and history of the Mi’kmaq people of Prince Edward Island and featured a traditional Pow Wow, singing, traditional drumming, and dancing.

The Maw’omi Centre, located in the Kelley Memorial Building, offers mentoring and support services, and a gathering place on campus where students can study and relax, host events, and hold meetings while attending UPEI.

Dr. Tim Ogilvie AVC Vet Camp participants learn how to suture like a veterinary surgeon.

UPEI encourages the greater community to engage with campus by hosting activities that include conferences, science fairs, sporting events, music festivals and performances, high school graduations, public lectures, symposia, and youth camps. Panther Academy Camps attract children of all ages, and over 2,000 students in grades 7–12 have participated in a behind-the-scenes experience of veterinary medicine since the Dr. Tim Ogilvie AVC Vet Camp began in 1999. Other camps offered by, or held at, UPEI include Math, Physics, and Women in Science and Engineering (WISE) Camps. Camp experiences in academic disciplines encourage students to consider pursuing these areas of study at the post-secondary level.

Faculty Recognition Night award recipients (L-R) Amy MacFarlane, Richard Schneider, Dr. Gordon MacDonald, and Dr. Spencer Greenwood.

Attending the launch of IslandNewspapers.ca are (L-R) UPEI Librarian Mark Leggott; Donald Moses, UPEI Digitization Initiatives and Systems; Simon Lloyd, University Archives and Special Collections; and Gary MacDougall, managing editor of *The Guardian*.

In May 2014, WISE (Women in Science and Engineering) held an Engineering, Math, and Technology camp at UPEI for 52 girls in grades 7 to 9 from across Prince Edward Island. “Girls Get Wise” is an initiative of WISE Atlantic, Island-Wise, Engineers PEI, and ITAP in conjunction with faculty from UPEI’s Departments of Physics, Chemistry, and Engineering.

» UPEI’s annual Faculty Recognition Night was held on May 7, 2014. Co-sponsored by the UPEI Faculty Association and the Office of the President, the event recognizes faculty excellence and achievement. Hessian Awards for Excellence in Teaching were presented to Amy MacFarlane, School of Business, and Dr. Gordon MacDonald, Mathematics and Statistics. A Hessian Award for Excellence in Teaching by a sessional instructor was presented to Richard Schneider, Environmental Studies. Dr. Spencer Greenwood, Biomedical Sciences, Faculty of Veterinary Medicine, received the UPEI Merit Award for Scholarly Achievement.

» A collaborative partnership between UPEI’s Robertson Library, *The Guardian*, the PEI Public Archives and Records Office, and the University’s “Hacker-in-Residence” Peter Rukavina resulted in the creation of IslandNewspapers.ca, a searchable online archive of digitized Island historic newspapers. The initiative, part of islandarchives.ca, was launched in February of 2014.

# Research and Discovery

—developing an increasingly integrated research culture that reaches further into our classrooms and community.

UPEI's researchers and scholars are recognized and respected for their expertise in a wide variety of fields within the broad categories of environment, health, and community and culture. They are actively involved in research and studies that have both immediate applications and long-range benefits, and that contribute to the environmental, economic, social, and cultural landscapes of PEI and beyond.

The PEI Urban Red Fox Research Project achieved a major crowd-sourcing milestone in March 2014, reaching 2,500 fox sightings that were reported to its website: [upei.ca/redfox](http://upei.ca/redfox). Photo courtesy of Hailey Lambe.

As part of her PhD studies in the Department of Biomedical Sciences, Dr. Michelle Patterson conducted research into optoacoustic imaging to detect and learn about cancer. Her work was supervised by Dr. William Whelan, professor of Physics and Biomedical Sciences.

Dr. Kate Tilleczek, Canada Research Chair in Youth Cultures and Transitions (centre), with Ron Canuel, president and CEO of the Canadian Education Association (CEA), and Dr. Michele Jacobsen, CEA vice-chair and awards committee chair. Photo courtesy of CEA.

In attendance at the release of the SHAPES-PEI Report were (front) Dr. Rosemary Herbert, dean; Dr. Jo-Ann MacDonald, associate professor; and Dr. Donna Murnaghan, adjunct professor, UPEI School of Nursing, with (back) Honourable Alan MacIsaac, minister of Education and Early Childhood Development; Sterling Carruthers, school health specialist; and Honourable Doug Currie, minister of Health and Wellness.

- » In October 2013, Dr. Kate Tilleczek, Canada Research Chair in Youth Cultures and Transitions, was honoured with the Canadian Education Association's (CEA) prestigious Whitworth Award. The CEA has presented the Whitworth Award every three years since 1967, in recognition of individuals who have made a sustained and substantial contribution to education research over time.
- » Results of the 2012–2013 SHAPES-PEI (Student Health Action Planning and Evaluation System) Provincial Student Health Profile were released in February 2014. In cooperation with the provincial government, and implemented in collaboration with the national Youth Smoking Survey funded by Health Canada, SHAPES-PEI gathers information from students in grades 5 through 12 about healthy eating, physical activity, mental fitness, and bullying. The survey results will guide the PEI Department of Health and Wellness in the development of programming and policies to help Islanders live healthier lives.

President and Vice-Chancellor Alaa Abd-El-Aziz; Dr. Russell Kerr, Canada Research Chair in Marine Natural Products; Honourable Gail Shea, minister of Fisheries and Oceans; Dr. Javier Sanchez representing Dr. Crawford Revie, Canada Research Chair in Population Health: Epi-informatics.

Honourable Gail Shea, minister of Fisheries and Oceans; Dr. Kate Tilleczek, Canada Research Chair in Young Lives in Global and Local Contexts; and Dr. Robert Gilmour, vice-president, Research and Graduate Studies.

## Research Excellence at UPEI

The Canada Research Chairs program supports researchers in more than 70 Canadian post-secondary institutions, who are conducting research in the natural sciences and engineering, health sciences, and social sciences and humanities disciplines. The Honourable Gail Shea, minister of Fisheries and Oceans, visited UPEI in January 2014 to announce the renewal of two Canada Research Chairs, and again in May to award a new Tier 1 Canada Research Chair. Awarded second five-year terms were Dr. Russell Kerr, a professor in the Department of Chemistry, as Canada Research Chair in Marine Natural Products, and Dr. Crawford Revie, a professor in the Department of Health Management, as Canada Research Chair in Population Health: Epi-informatics. Dr. Kate Tilleczek, a professor in the Faculties of Education and Arts (Sociology/Anthropology) at UPEI and an adjunct research scientist at the Hospital for Sick Children in Toronto, was awarded a renewable seven-year appointment as a Tier 1 Canada Research Chair in Young Lives in Global and Local Contexts.

Dr. Sophie St-Hilaire, Canada Research Chair in Integrated Health Research for Sustainable Aquaculture, on site during spreading of oyster seed, North River, PEI.

Dr. Adam Fenech, director, Climate Research Lab, demonstrates the effects of sea-level rise on North Rustico, PEI.

European green crabs first arrived in eastern PEI about a decade ago. This invasive species has been advancing from east to west ever since, devouring shellfish and destroying habitat as they go. They pose a multi-million dollar threat to our shellfish industry, and Dr. Sophie St-Hilaire, Canada Research Chair in Integrated Health Research for Sustainable Aquaculture, believes she may have a solution: fishing. Dr. St-Hilaire has discovered the conditions under which green crabs moult their shells. She believes a fishery can be established that could save our shellfish and create a new seafood product in the process.

» Imagine a video game in which you can fly over a 3-dimensional map of Prince Edward Island using your controller to simulate how climate change, coastal erosion, and sea-level rise will affect our fragile coastline over the next century. That's CLIVE—the Coastal Impact Visualization Environment—a tool created by UPEI's Climate Research Lab. Launched in 2014, CLIVE made global headlines and won first place in MIT's Communicating Coastal Risk and Resilience competition. The technology behind CLIVE is now being exported to coastal communities and islands around the world.

# Long-Term Sustainability

—achieving growth to ensure a thriving, sustainable future.

In May 2014, over 1,000 students graduated from the University of Prince Edward Island. They join a strong and supportive global network of 23,000 fellow alumni—proud and successful graduates of St. Dunstan's University, Prince of Wales College, and the University of Prince Edward Island. The successful recruitment and retention of talented students, and the ongoing engagement of our alumni, are critical to UPEI's long-term sustainability.

Engineering student Andrew Simmons takes a turn in class as Project Manager.

President and Vice-Chancellor Alaa Abd-El-Aziz with award recipient Dr. Jerry Wang at the 2014 Presidential Recognition Awards of Merit event.

UPEI's Recruitment Office team assists prospective, new, and returning students. (L-R) Sarah Roach, recruitment coordinator; Ryan Giddens, recruitment coordinator; Jessica Reynolds, student assistant; Jeff MacLean, recruitment coordinator; Rebecca Drum, administrative assistant; and Nicole Wadden Garland, transitions coordinator.

UPEI's Faculty of Education recently revitalized programs and program delivery. Pictured with Dr. Ron MacDonald, interim dean of education (centre), are 2014 graduates Rachel Earl and Andrew Macdonald.

» UPEI's annual Presidential Recognition Awards of Merit and 25-year Service Awards recognize outstanding performance and dedication to students and our community—on-campus, provincially, and globally. The awards were presented to faculty and staff on May 7, 2014. Recipients of Awards of Merit for Faculty and Librarians were Dr. Doug Dahn, Science; Dr. Debbie MacLellan, Science; Dr. Shannon Murray, Arts; Dr. Jamie Burr, Science; Dr. Ian Gardner, Veterinary Medicine; Dr. Edward MacDonald, Arts; and Dr. Greg Doran, Arts. Staff were recognized with Awards of Merit in several categories—exemplary service: Kate Graham, Applied Human Sciences; Debbie McKie, Human Resources; and Dr. Jerry Wang, International Relations; campus spirit: Angela Marchbank, Athletics and Recreation; volunteer and community service: Doug Burton, Information Technology Systems and Services; and Sharon Thompson, Facilities Management; and support and student success: Lori Cummings, Student Affairs.

UPEI is committed to fiscal, environmental, and cultural sustainability by managing resources in a responsible and accountable manner. To safeguard the long-term sustainability of the University, UPEI is developing and implementing initiatives—identified within, or aligned to, the UPEI Strategic Plan—to address or enhance areas of strategic priority. These areas include recruitment and enrolment, retention, services and supports to students and the student experience, employee development and recruitment, funding and budget development, program development and renewal, fund-raising, community engagement, ancillary operations, and risk mitigation.

The development of innovative and specialized programming that directly addresses student expectations is a critical focus of UPEI's long-term sustainability priority.

Access to a program of interest is one of the most influential factors that students consider when selecting a university. Program availability, renewal, and innovation are critical to achieving strong enrolments, ensuring academic excellence, addressing expectations, and benefiting graduates within their chosen professions. In 2013–2014, UPEI's Faculty of Education transitioned its two-year BED programs to compressed one-year programs (English and français langue seconde); the School of Business introduced four new specializations to the BBA degree (finance, marketing, organization management, and tourism and hospitality); and a new four-year Bachelor of Science in Engineering degree was approved.

Alumni enjoy the annual Prince of Wales College (PWC) luncheon held during the 2014 Reunion Weekend.

Calgary Alumni Chapter launch attendees included (L-R) Jeff Ellis (BBA'06), Dr. Alaa Abd-El-Aziz, Jonathan McKearney (BBA'05), and Emily McIver (BBA'05).

UPEI's network of over 23,000 alumni spans the globe. The University is proud of the professional contributions, connections, and commitment of our talented graduates who are making an impact through their careers and voluntary activities in communities around the world.

In 2014 the University's Department of Development and Alumni Engagement advanced an initiative to strengthen connections with our alumni—nationally and internationally. UPEI Alumni and Friends chapters were successfully established in Hong Kong, Ottawa, Calgary, Vancouver, Boston, Halifax, St. John's, and Toronto.

English Academic Preparation classes assist with language admission requirements.

In 2013–2014, UPEI's Conference Services welcomed fourteen large academic/business conferences, and six major sporting events to campus. The Canadian Higher Education Information Technology Conference (CANHEIT) attracted over 400 higher education IT professionals. Above is the CANHEIT banquet in the Chi-Wan Young Sports Centre.

UPEI is proud to recognize the support of the St. Dunstan's University (SDU) Board of Governors and SDU alumni. Pictured are (front) George MacDonald, chair, SDU Board of Governors; Dr. Alaa Abd-El-Aziz, UPEI president and vice-chancellor; (back) Dr. Christian Lacroix, UPEI vice-president academic; and George Morrison, president and executive director, SDU Board of Governors.

The athletes and coaches of Panther Sport play an active and inspirational role in the PEI community.

- » Faced with a declining local and regional population of prospective students, UPEI is developing recruitment strategies and processes to attract more students, focusing on those attending university directly out of high school, out-of-province Canadian students, international students, and transfer students. Emphasis is also being placed on improving student retention through efforts that include enhanced programming and support services, and the development of an integrated culture in which all UPEI employees regard recruitment, retention, and student success as central to their roles.
- » The University of Prince Edward Island is privileged to enjoy the ongoing support of a diverse and committed community of partners, donors, alumni, and friends who generously contribute their time and resources in support of UPEI and its students. With our strategic plan in place, the University is aligning fundraising goals to address strategic priorities and changing campus needs. Successfully communicating our plans, engaging our supporters, and resourcing priority initiatives will ensure a successful and sustainable future for the University, our students, and community.

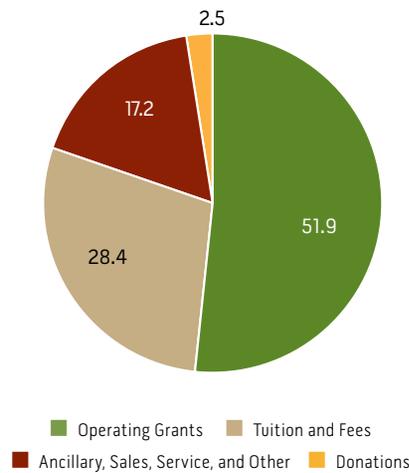

New Student Orientation Week is an informative and fun-filled first week on campus for incoming UPEI students. Over 100 enthusiastic upper-year students facilitate Orientation Week events.

Bita Saffary, Katie Gilmour, and Brittani Rhynold are three of dozens of students who received certificates for volunteer work on campus supporting initiatives of the Student Affairs Department in 2013–2014.

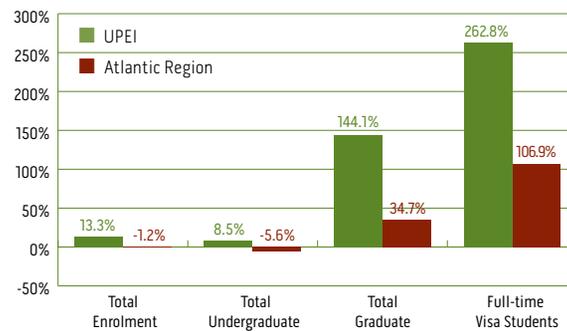

## Students

*UPEI offers students a quality education, competitive tuition, and a unique learning experience. Building on strengths, and guided by a student-centred strategic plan, the University is committed to its vision of delivering outstanding experiential learning opportunities that encourage our students to develop to their full potential in both the classroom and the community.*

In 2013–2014, reflecting continuing demographic challenges in the region, Atlantic universities once again collectively experienced a decline in undergraduate enrolment for both full-time and part-time students, full-time first-entry students, and transfer students. The region saw growth in only graduate enrolment and international student categories. UPEI outperformed regional averages on both these fronts with graduate student growth of 9.2 per cent, compared to the Atlantic region change of 1.2 per cent, and international student growth of 11.4 per cent, compared to the Atlantic region change of 7.3 per cent.

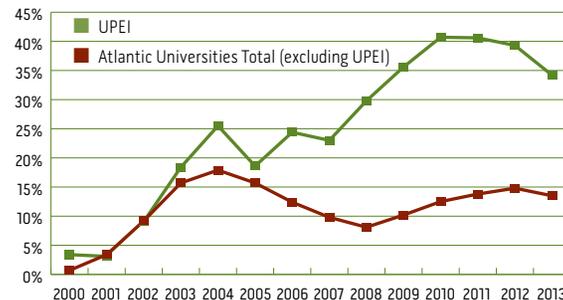

Over the past decade (2003–2013), Atlantic universities have collectively experienced at -1.2 per cent decline in total enrolment. UPEI has outpaced the average regional rate with total enrolment growth of 13.3 per cent for the same period.

The University of Prince Edward Island creates a yearly *UPEI By the Numbers* update following the October release of regional enrolment numbers by the Association of Atlantic Universities. The most recent version is available online at [upei.ca/president/publications-and-documents](http://upei.ca/president/publications-and-documents)

Music student Evan Hammell is a member of the UPEI Wind Symphony, Jazz Ensemble, and Choir.

# Research

UPEI is an important centre of research excellence in Atlantic Canada, and is home to 14 funded research chairs, including the prestigious Canada Excellence Research Chair in Aquatic Epidemiology. The University manages millions of dollars in research expenditures annually. Individual and collaborative research is centred within three main areas: environment, health, and community and culture.

In the 2013 *ReSearch Infosource* measure of overall research among Canadian undergraduate universities, UPEI moved up four positions to 4<sup>th</sup> overall.

## ACADEMIC RESEARCH RESEARCH INCOME RECEIVED

2009	2010	2011	2012	2013	2014

LAND HOLDINGS (PEI)	ACRES
Charlottetown Campus	136.5
Morell	90

\* Does NOT include spaces such as washrooms, hallways, mechanical rooms, custodial space, etc.

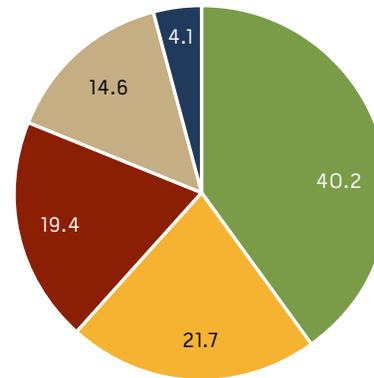

# Donor Support

The Department of Development and Alumni Engagement at the University of Prince Edward Island strives to ensure UPEI's ongoing success by securing private philanthropic support and fostering donor-centred relationships. Donor support enhances the UPEI student experience and strengthens the University's ability to achieve its potential. The adjacent information provides a financial review of support received during the 2013–14 fiscal year.

The University community—students, faculty, and staff—is proud to acknowledge the generosity of our many donors who have made gifts to the Annual Fund, capital campaigns, and other areas of importance, and who established endowments, awards, and planned gifts at UPEI. Donor commitment and leadership ensures funding for student support, capital needs, educational programming, and research. The University is grateful that our donors continue to make UPEI a giving priority.

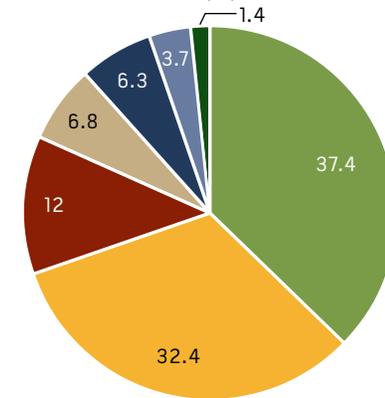

## DONATIONS BY AREA (%)

Student Support*	\$ 1,487,981
Education & Research	\$ 803,696
Capital	\$ 717,161
Special Programs & Projects	\$ 541,012
Unrestricted	\$ 151,028
<b>TOTAL</b>	<b>\$ 3,700,878</b>

\* Scholarships, bursaries, and awards.

## DONATIONS BY DONOR (%)

Foundations	\$ 1,385,837
Alumni	\$ 1,197,535
Corporations	\$ 444,249
Campus Community*	\$ 251,728
Friends	\$ 233,000
Estates	\$ 135,501
Community Organizations	\$ 53,028
<b>TOTAL</b>	<b>\$ 3,700,878</b>

\* The Campus Community category represents contributions received from full-time and retired/former faculty and staff, Board of Governors, honorary degree recipients, and on-campus organizations. Donors from this group who are also alumni of PWC, SDU, or UPEI are included under the alumni category.

Dr. Etienne Côté, Dr. Leigh Lamont, Arthur and Sandra Irving, and President and Vice-Chancellor Alaa Abd-El-Aziz at the plaque unveiling ceremony in the Arthur and Sandra Irving Community Care Clinic, AVC.

UPEI donors Sally Goddard and Marjorie MacLauchlan attend UPEI's first annual Donor Picnic held on September 25, 2013, in The McCain Foundation Learning Commons, Atlantic Veterinary College.

Andrew Bartlett, Sister Sue Kidd, Dr. Brian Wagner, Father Charlie Cheverie, Sister Patricia Smith CND, and Noreen Gillan share lunch and a few stories at the Donor Picnic.

The PRESIDENT'S ANNUAL REPORT 2013–2014 is published by Integrated Communications for the Office of the President.

This report includes statistical information for fiscal year 2013–2014 (May 1, 2013–April 30, 2014) and Points of Pride from academic year 2013–2014 (September 1, 2013–August 31, 2014).

# Annual Donor Report

## Donor Recognition— May 2013—April 2014

The University of Prince Edward Island is pleased to include our *Annual Donor Report* as a component of the *President's Annual Report 2013–2104*. In the pages that follow, you will find the names of over 2,000 donors who have invested in the future of our students and community by making the University of Prince Edward Island a philanthropic priority.

In 2013–2014, UPEI donors established 23 new funds that support scholarships and awards. Other generous individuals volunteered their time and expertise. Many contribute year after year. Some of our most recent graduates—our youngest alumni—are already giving back.

Our donors are vital members of the University community. Their generosity contributes directly to the achievements of the University and the success of our students. We are thankful for their ongoing support and proud to recognize them in conjunction with the recent accomplishments of the University.

The donor profiles and listings that follow demonstrate the extent of our community's commitment to the University of Prince Edward Island.

(Top photo) 2014 graduates of the School of Nursing received their nursing pins at their graduation banquet. (Bottom photo) Eleanor and Tom Davies with Nursing graduate Lauren Scott.

## Caring for Students and the Community is a Davies Family Priority

Tom (PWC '57) and Eleanor (Haywood) Davies (PWC '57) have supported areas of need at the University of Prince Edward Island, and in the community, for decades. A successful businessman, Tom has made significant contributions to the Island through membership in many support groups, clubs, and charitable organizations including the Community Foundation of PEI, and Rotary.

Eleanor, an alumna of the PEI Hospital School of Nursing (Class of '60), is well known for her work with the Hospice Palliative Care Association of PEI. A driving force in expanding hospice care across the province, she has made a profound and personal impact on the lives of many Islanders. Eleanor is the author of *I Know an Angel*, a book about hospice care on PEI.

Loyal UPEI Annual Fund donors, Tom and Eleanor most recently supported the purchase of the nursing pins traditionally presented to UPEI School of Nursing graduates. These pins remind graduates of the importance of their nursing training and the uniqueness of their profession. Eleanor continues to wear her PEI Hospital School of Nursing pin with great pride.

Dr. Greg Fleming.

Bishop Joseph Faber MacDonald.

## Family and Friends Remember Dr. Greg Fleming

Family, friends, and classmates of Dr. Greg Fleming (Atlantic Veterinary College, UPEI, Class of '98) were heartbroken when he passed away at the age of 47 in the Republic of Mozambique.

Described by his many friends and loved ones as an intelligent and compassionate man with a wonderful sense of humour, Greg was a larger-than-life character who was deeply respected—personally and professionally.

Greg worked in private practice, and completed an internship and residency in zoological medicine in the United States. He went on to become a noted and beloved member of the animal health care team at Disney's Animal Kingdom in Florida, where he practiced with skill and concern for his animal patients.

To honour Greg's passion for animal care, his commitment and love for the Atlantic Veterinary College, and his kind and gregarious personality, his family, friends, and classmates established an endowment to support The Dr. Greg Fleming Memorial Award for an AVC student. This generous award, like Greg's legacy, will live on in perpetuity.

## Honouring Heather is Important to the Family of Dr. Erwin Howatt

The family of Dr. Erwin Howatt, respected Kensington veterinarian (retired) and community volunteer, experienced a tremendous loss upon the passing of Heather L. Howatt, RN, wife, mother, committed volunteer, and valued medical professional.

Heather was born in Georgetown, Ontario, but called Prince Edward Island home for 46 years. She graduated from St. Joseph's School of Nursing and was dedicated to preventative medicine, specifically in the area of diabetic education. A patient-centric nurse, she served the Prince Edward Island community for 25 years in both Summerside and Charlottetown.

Erwin and his four daughters—Leslie, Alison, Susan, and Megan—established a generous endowed fund in memory of Heather and the positive impact she had on her family and those fortunate enough to have known her. The fund provides support to fourth-year Nursing students who have an interest in preventative medicine and diabetes education, and Nursing students who participate in an international placement as part of their UPEI educations.

## Beloved Bishop Leaves Lasting Legacy

In February 2012, Prince Edward Islanders mourned the passing of the Most Reverend Joseph Faber MacDonald. Beloved by many, "Bishop Faber" was well known for his dedication to the Island community. Born in eastern PEI, and a graduate of Saint Dunstan's University (Class of '59), he entered St. Paul's Seminary in Ottawa and was ordained to the priesthood in Charlottetown in 1963.

He was dedicated to his work within the church as a priest and bishop in Prince Edward Island, Newfoundland, and New Brunswick. Bishop Faber was also an accomplished fiddler and loved all things musical. In 2003, he received an honorary degree from the University of Prince Edward Island in recognition of his contribution to the preservation and cultivation of Celtic music on PEI through his leadership role in establishing the PEI Fiddlers Society in 1976.

Bishop Faber was a strong supporter of the University of Prince Edward Island. He generously contributed to a scholarship for students interested in Celtic music and capable of playing an instrument (preferably a fiddle) in that tradition. Upon his passing, the University was honoured to receive a generous estate gift from Bishop MacDonald that supported the digitization of Celtic music and history, related primarily to PEI, as part of the Robertson Library's Island Archives project. Bishop Faber's legacy allows on-line visitors ([islandarchives.ca](http://islandarchives.ca)) to enjoy the rich tradition of the Celtic music that he so cherished.

# List of Donors

We thank the following friends, alumni, faculty, staff, and students of the University of Prince Edward Island, who give generously to this institution. Every contribution supports the vision of UPEI.

## Lifetime Honour Roll

*The Lifetime Honour Roll recognizes individuals, corporations, organizations, foundations and estates whose cumulative gifts to UPEI have exceeded \$1,000,000. Their tremendous generosity supports life-changing research, scholarships that recognize excellence, dynamic and relevant academic programs, and enhanced facilities that offer state-of-the-art learning environments.*
