DESCRIPTION OF THE COURSE

This professional development course is intended for employees of the PEI Public Service, Health PEI employees, and any other professional in Prince Edward Island who wish to begin their language learning journey through professional development. It is designed for **participants who have very limited** levels of French competency and desire an introductory level course. The Beginner 1 courses are also supplemented with obligatory conversation group participation to be able to practice pronunciation and simple conversational situations.

This 10-week, non-credit course is delivered through 1 weekly synchronous session via Zoom, as well as a homework assignment for each week. In addition, virtual conversation classes will round out the learning experience, offering a range of available session times and levels each week. Synchronous sessions will take place via Zoom and a link will be provided, with the focus being on oral communication. The course will be run in a manner that supports a non-threatening, encouraging learning environment for all participants. Asynchronous content focused on reading and writing will consist of one assignment, or multiple shorter assignments to be completed on the participant's own time and submitted to the facilitator.
