REGIONAL CONTEXT

The Association of Atlantic Universities' annual fall "Survey of Preliminary Enrolments," released in [October 2022](#), indicates that taken together, the 16 universities in Atlantic Canada reported an overall year-over-year increase of 2.8 per cent in full-time enrolment in the fall of 2022. UPEI's full-time enrolment in 2022 increased by 3.2 per cent over 2021, making it one of the top five universities in the region for enrolment growth. Combined full- and part-time enrolment at UPEI increased by 2.1 per cent in comparison to 1.0 per cent for the Atlantic region.

Enrolment of full-time graduate students in the region increased by 5.7 per cent year over year, with UPEI reporting an above-average increase of 7.4 per cent.

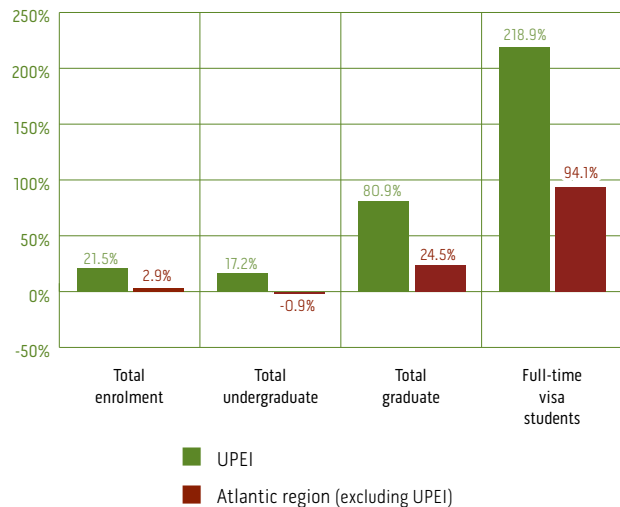

The AAU also reported an increase of 15.5 per cent year over year in the enrolment of full-time international students among the universities in the region. While UPEI recorded only a 7.0 per cent increase in international students this year, the University has maintained steady growth in this category for two decades.

Over the 10-year period from 2012 to 2022, UPEI continues to outpace regional growth in overall undergraduate, graduate, and international enrolments.

While the COVID-19 pandemic is ongoing, UPEI was able to return to a pre-pandemic operational status in the fall of 2022 with mandatory masking requirements in place in certain indoor locations such as instructional and clinical spaces. The University continues to monitor the COVID-19 situation to ensure the health and safety of the campus community.
