

INTERNAL RESEARCH GRANT (IRG) & SSHRC EXPLORE RESEARCH GRANT (SERG) 2024 COMPETITION - APPLICATION FORM

Complete this application form and required attachments, then submit your application using the UPEI Romeo Researcher Portal following the instructions in the IRG and SERG 2024 COMPETITION - PROGRAM GUIDELINES.

APPLICANT INFORMATION

Principal Investigator:

If your appointment currently ends before or within the term of the grant (March 2024 – Feb 2025), please describe how you expect to meet eligibility requirements. If the grant is awarded, your eligibility will be confirmed by Research Services before the funding will be released.

If applicable, please select an applicant category (Principal Investigator only):

□ new faculty member (independent academic investigator for five years or less)

investigator planning to re-engage in research with future externally funded proposals

investigator looking to conduct pilot work to move into a new area of research

Please review the program guidelines for complete descriptions of prioritized applicant categories. Provide justification for your inclusion in one of these three categories:

REQUIRED ATTACHMENTS

Please consolidate attachments into one document and upload it to the Researcher Portal.

□ PROJECT SUMMARY

Provide a 250-350 word lay-language summary of the project justification which:

- □ States the *objectives* of the proposed research;
- Summarizes the proposed experimental or theoretical *approach* (including the *rationale* for its choice), and the *methods* and *procedures* to be used;
- Defines the short-term and long-term *significance* and *future use* of the research results; and
- Describes how this project will provide the basis for proposals for externally funded projects and which funding agencies will be targeted (as applicable).

□ **PROJECT DESCRIPTION**

Provide enough information under the following headings, as applicable, to permit informed judgment by committee members. Project description <u>must not</u> exceed four pages (excluding references) and must adhere to <u>NSERC's presentation standards</u>.

- □ Objectives
- Context
 - Situate the proposed research in context of the relevant scholarly literature
 - Describe the theoretical approach or conceptual framework
 - Explain the importance and originality of the research

- If the proposed project is linked to other research projects, applicants are required to briefly describe how the proposed research project differs from those projects and how it is linked to an overall research program

Research Plans and Methods

- Describe the work to be undertaken
- Explain how you will gain access to facilities or equipment, if this project requires access to facilities or equipment not currently at your disposal

□ The Research Team

- Describe the roles of all members of the research team
- Co-applicants are requested to submit a statement indicating their role on the project
- Indicate the benefits to be accrued by the student's participation as a research assistant in the project (if applicable).

□ The Budget

- Provide justification for all expenditures

Plans for Dissemination and Knowledge Translation

- Describe plans for communicating research results, both within and outside the academic community

□ <u>LIST OF REFERENCES</u> (only include items cited in the proposal)

□ **RESEARCH HISTORY**

Provide the following information for the Principal Investigator and for each Co-Applicant. Do NOT attach a full CV.

- □ List research grants related or unrelated to this project that have been applied for but for which notification has not yet been received.
- □ List all research grants awarded over the past 5 years. For each, include the following information:
 - $\circ~$ the date of the award (month & year) and award term;
 - the granting agency;
 - the title of the project;
 - o name of PI, co-investigator(s) and collaborators as appropriate;
 - the amount of the grant; and

- the amount remaining.
- □ List all publications for past the 5 years. Ensure the type of publication is clear (e.g., refereed journal article, review article, book chapter, etc.). Provide complete citations for all documents listed (including co-authors, title, publisher, journal, volume, date of publication, page numbers, etc.).
 - o Indicate with an asterisk (*) which publications are refereed;
 - Specify your role for co-authored publications; and
 - o Indicate with "UPEI" which publications have been supported by UPEI internal funding.
- □ Contributions to Student Training: In ½ page, describe efforts you have made to involve students in your research activities.
- □ If applicable, address any special circumstances that may have delayed research activity/productivity (e.g., parental leave, medical leave, bereavement, etc.).

PROGRESS REPORT (1 page)

Applicants who were awarded a previous Internal Research Grant or SSHRC Explore Research Grant **must** submit a report outlining the progress of the work, a description of the tangible products that have arisen from the work (e.g. journal articles, presentations, books, etc.), a description, in general terms, of how the funds were spent, and a brief timeline for the remaining work. Applicants may hold only one internal research grant at a time, therefore, the previous grant must be complete (account closed) prior to March 1st 2024.

Please note that applicants who received an IRG or SERG in the 2023 competition are not eligible to apply for an IRG or SERG in the 2024 competition.

It is through the research proposal that applicants demonstrate their competence to conduct the proposed research. Accordingly, applicants are expected to provide a logical narrative that demonstrates familiarity with the subject matter, a carefully formulated plan of research, and a thorough justification for planned expenditures. Members of the review committee are from a variety of disciplines and thus must make their judgement based on what is presented in the application. Other things being equal, applications are more likely to be funded when they are clear, concise, legible, and free from jargon.

<u>Incomplete applications will not be considered for funding.</u> If you have questions regarding the required components of your application, please contact the Research Grants Coordinator at 902-566-0709 or lcudmore@upei.ca. However, it is the Principal Investigator's responsibility to ensure that the submitted application is complete.
