□ **PROGRESS REPORT (1 page)**

Applicants who were awarded a previous Internal Research Grant or SSHRC Explore Research Grant **must** submit a report outlining the progress of the work, a description of the tangible products that have arisen from the work (e.g. journal articles, presentations, books, etc.), a description, in general terms, of how the funds were spent, and a brief timeline for the remaining work. Applicants may hold only one internal research grant at a time, therefore, the previous grant must be complete (account closed) prior to March 1st 2020.

Please note that applicants who received an IRG or SERG in the 2019 competition are not eligible to apply for an IRG or a SSHRC Explore Research Grant in the 2020 competition.

It is through the research proposal that applicants demonstrate their competence to conduct the proposed research. Accordingly, applicants are expected to provide a logical narrative that demonstrates familiarity with the subject matter, a carefully formulated plan of research, and a thorough justification for planned expenditures. Members of the review committee are from a variety of disciplines and thus must make their judgement based on what is presented in the application. Other things being equal, applications are more likely to be funded when they are clear, concise, legible, and free from jargon.

Incomplete applications will not be considered for funding. If you have questions regarding the required components of your application, please contact the Research Grants Coordinator at 566-0709 or lcudmore@upei.ca. However, it is the Principal Investigator's responsibility to ensure that the submitted application is complete.
