

UPEI 1st Year Residence Guarantee

UPEI will guarantee all 1st year undergraduate students coming directly from high school, with a scheduled start date of September, a space in residence for their first year only.

UNIVERSITY
of Prince Edward
ISLAND

In order to meet this guarantee, the following must be completed:

1. You must be accepted to the University of Prince Edward Island as supported by the Registrar's Office student admission criteria.
2. You must apply to the residence using our eRezlife application program, be offered a space, confirm your space with the required deposit amount, and return a signed *Residence Life Agreement*, on or before March 31.
3. Once we have received your confirmation payment and signed *Residence Life Agreement*, we will assign you to room.
4. Failure to meet the above criteria will remove your opportunity for a guaranteed space in residence and put your residence application into the general application process.
5. Any first year student applications received for residence after March 31 will be placed into the general application process.

Please note that Residence Services will make every effort to meet your room preference request but also reserves the right to make final decisions regarding room assignments and building assignments.

Transfer Students

Students transferring from a post-secondary institution to UPEI are eligible to apply to residence using our eRezlife application program. You can submit your application at any time during the academic year. Even though you will receive notification from Residence Services that your application has been received, you will not receive an offer letter for a space (*based on availability*) until after March 31.

Please note that Residence Services will make every effort to meet your room preference request but also reserves the right to make final decisions regarding room assignments and building assignments.
