## **Dr. Julian Jaynes Graduate Psychology Award**

### **DESCRIPTION**

---

Dr. Julian Jaynes loved his family home, Bayfield House in Keppoch, PEI, and spent many summers and much of the last two years of his life there. Dr. Jaynes was the son of the well-known Unitarian minister, the late Reverend Julian C. Jaynes and Clara Bullard Jaynes and was the brother of the late Helen Jaynes Bryant and Robert Bullard Jaynes.

Born in 1920 in West Newton, Massachusetts, he attended Harvard College, received his bachelor's degree from McGill University and Master's and doctorate degrees from Yale University. A popular teacher, he lectured in the Psychology Department at Princeton University from 1966 to 1992. He was frequently invited as Visiting Lecturer or Scholar in Residence in departments of Philosophy, English, Archeology and numerous medical schools in North America and abroad. Dr. Jaynes was an associate editor of the internationally renowned journal Behavioral and Brain Sciences and on the editorial board of the Journal of Mind and Behavior.

After making significant contributions to the study of animal behaviour and ethology, he turned his attention to the riddle of human consciousness and became best known for his provocative 1976 book, *The Origin of Consciousness in the Breakdown of the Bicameral Mind*, a nominee for the National Book Award in 1978. The unusual scope of his work spanned psychology, anthropology, history, philosophy, religion, and literary studies. Dr. Jaynes died on November 21, 1997 in Charlottetown after suffering a stroke.

### **CRITERIA**

---

Awarded to a UPEI graduate who has been accepted as a candidate for graduate studies in Psychology; graduates must apply for this award, and provided evidence of acceptance from the university where they will be studying.
