<sup>1</sup> Estimated Academic Expenses are based on the approximate cost of attending UPEI for the September to August academic year. Using the helpful tool at <http://www.upei.ca/finance/accounting/fees>, students can find tuition and student fee costs indicated for their individual circumstances.

<sup>2</sup> Estimated Living Expenses are based on living allowances which are provided by the federal government and your province of study. These are the monthly amounts a student receives based on the cost of shelter, food, miscellaneous expenses and public transportation in their province or territory. <sup>3</sup> *Single student away from home (independent)* is for student's living away from their family home, who are responsible for their own living expenses.

<sup>4</sup> *Married student* amount is half of the 'Married Student and Spouse' allowance, to determine the individual student's portion of living expenses.
